

BETTER TOGETHER: NITRO AND iMANAGE

For legal and financial firms that rely on iManage for their document storage and email organization, the purpose-built integration with Nitro PDF Pro is crucial for smart, connected workflows.

Improved Efficiency

Familiar Microsoft Word-like interface makes it easy to edit and check-in iManage documents from Nitro PDF Pro.

Simplified Workflows

Access and save iManage documents from Nitro PDF Pro via an easily accessible ribbon.

Document Security

Nitro PDF Pro supports all iManage enabled permissions, upholding market leading security protections.
