

# BETTER TOGETHER: NITRO AND SHAREPOINT ONLINE

With hybrid work more of the norm, many organizations rely heavily on Microsoft SharePoint Online to facilitate collaboration across teams. The integration with Nitro PDF Pro is a natural synergy that supports everyday workflows in a streamlined fashion.

Work with **SharePoint Online** from wherever you are – from the web (via an **extension**) or directly from Nitro PDF Pro (**connector**). Our integration covers both scenarios, giving your teams flexibility they need.
